THE NEWLYWEDS TURN TO MARRIAGE COUNSELING AFTER A FIGHT TURNS NASTY

Even after four years of courtship and two kids, **Jessica Simpson** and **Eric Johnson** are realizing why the first year of marriage is often said to be the toughest. The newlyweds, who tied the knot last July, have reportedly entered couples therapy following a public screaming match earlier this month. “They want to make things work, not just for themselves but for the sake of their children,” reveals a source. “It was Jessica’s idea to get some guidance, and Eric quickly agreed.”

DATE-NIGHT FIGHT

On Feb. 5, the couple were seen enjoying dinner at Hollywood hotspot Chateau Marmont; but what was supposed to be a romantic outing quickly turned sour. A witness says

that Jessica flew into a jealous rage after catching Eric chatting with a cute brunette he’d been trading glances with from across their dinner table. “She went crazy,” reveals the source. Before they could even leave to hash it out in private, the source claims, things got so bad that Jess hit Eric across the face with her handbag, slicing his nose! “I dread to think what happened when they got home,” adds the spy.

THE FIX

A source tells *OK!* that the argument was a real eye-opener

for the couple. “They’d fought before, but this was another level,” says the insider. “They were supposed to be enjoying a date night, like they used to before they had kids, but they clearly

couldn’t even have fun together.”

Talking it over in the morning, the couple agreed they needed a pro to help work out their issues. “Both Jess and Eric have been married before, so they know how easily things can fall apart,” says the source. “They’re hoping marriage counseling is the answer.”

IN HAPPIER TIMES
Jess shared this loved-up snapshot last May with a special message to her hubby-to-be: “I can’t wait to marry you!”

Globes.

Uma's makeup

her new look is
simply the result
of a bold lip and

UMA'S CHANGING FACE!

Classic beauty **Uma Thurman**'s drastic new look at the Feb. 9 premiere of her miniseries *The Slap* turned

heads — but for all the wrong reasons! The 44-year-old actress was almost unrecognizable, with plump cheeks and taut skin, reminding many of **Renée Zellweger**'s startling 2014 makeover. "I was shocked," a premiere attendee tells *OK!* "Uma

looked like an entirely different person. It's heartbreaking."

While Uma's updated appearance may surprise fans who expected the natural stunner to grow old gracefully, it isn't news to those close to the aging actress. "Uma has become increasingly insecure about her looks," says an insider. "Her movie career has stagnated, and she hopes that by turning back the clock, better roles may start pouring in."

However, judging from last week's uproar, it seems she may have gone too far in her effort to stay young. Plastic surgeon Dr. Anthony Youn, who has not treated Uma, believes the actress has undergone several procedures, including injections with a muscle relaxer like Dysport to smooth out her forehead and an upper eyelid lift. "This has caused her eyes to open wider and look much tighter," he says. "She may have undergone fat injections under her eyes as well, as the junctions between her lower lids and cheeks have been smoothed away. That's what's making her look so different."

Renée's face
made waves.

LADY GAGA GOING BROKE!

Oh, how the mighty fall! Just a few years ago, Lady Gaga was the biggest pop star on the planet, but OK! has learned the singer is now on the verge of bankruptcy. A source says that Gaga's record label has lost faith after her latest album flopped and decided to no longer foot the bill for her travel and glam squad. "She's been forced to cut back on expenses that she never used to blink an eye at, like flying first class," says the source. "She's even ditched the expensive costumes and started dressing down!"

Gaga's *Artpop* sold just 310,000 copies in its first two weeks. In 2011, *Born This Way* sold 1 million.

BRITNEY PAYS FOR NO-SHOW

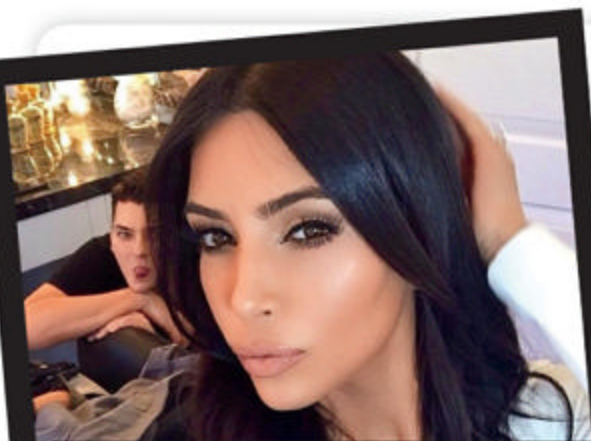

Britney Spears is about to take her RSVPs a lot more seriously! According to an insider, the star was shocked to receive a \$400 bill after her sons, Sean and Jaden, missed a friend's birthday at Disneyland. "Brit accepted the invite but skipped out last minute because her mom was in town," says a source. Clearly, this didn't sit well with the other child's parents, who asked to be reimbursed for the theme park tickets. The source says Brit didn't send cash, though: "She thought she'd one-up them by mailing them tickets to her own show in Vegas!"

KIM'S \$100K PHOTOSHOP EXPERT

For a woman whose worth is measured in Instagram likes, Kim Kardashian is happy to pay the price for looking picture perfect! Her rep denies it, but an insider tells OK! the social-media-savvy star keeps a graphic artist on her payroll for the sole purpose of Photoshopping pics before she posts them. "Kim used to ask a friend to fix up photos, but it would take hours," says the source. "She finally decided to hire a pro who can be on call 24/7." Kim's photo fixer doesn't come cheap, though; she reportedly pays the pro \$100,000 a year. "Kim knows her fans expect her to look glamorous all the time, so she likes having someone a click away who can help her maintain that image," says the source. "All she does is email a photo, and the artist sends it back within 10 to 30 minutes, depending on what work needs to be done." As for unretouched images? The source says Kim makes sure they never see the light of day: "She had the expert sign a nondisclosure agreement promising to destroy all the originals."

Selfies are hard work! "Kim's artist has to keep a phone on all night, in case she's traveling," says the source.

VIVICA BLASTS KENYA!

She may be out of the boardroom, but **Vivica A. Fox** is not ready to bury the hatchet with fellow *Celebrity Apprentice* star **Kenya Moore** just yet. The actress and 2015 Emmy Awards host gave OK! an update on their epic feud.

Reality star Kenya Moore

What went through your mind after hearing Kenya trash you in her exit interviews?

The thing that killed me most was that she said, "Vivica built her career on being ghetto." I beg to differ! I built my career working with Oscar winners, from **Jamie Foxx** to **George Clooney**. My résumé speaks for itself.

Do you still believe she hacked your Twitter account?

Trust me, I know she did that.

People are like, "How could she have gotten into your phone if it was password-protected?" Well, at the time it wasn't, because I run a legitimate business and am used to being around people I can trust.

Do you think you two could ever be friends?

I can only be friends with someone who did me wrong if they accept responsibility for their actions and apologize. But for Kenya to divert from the truth and then try to throw insults at me, that's such a turnoff.

To end on a positive note: What's your favorite memory from *The Celebrity Apprentice*?

When I won \$50,000 as project manager for my charity, Best Buddies International! Dressing as a guy for that challenge was also a hoot; I'd never played a man before!

DAVID HEADING TO REHAB?

Four years after he sought treatment for alcohol abuse, **David Arquette**'s friends are worried that the hard-partying actor is spiraling out of control again, despite having a baby and fiancée **Christina McLarty** at home. "Christina rarely knows where he is,"

says a source. "He spends a lot of time in strip joints and drinking with friends. He's been absent for the majority of his son's life since his birth last April." His rep denies the story, but the insider claims that David's inner circle is prepared to stage an intervention: "They want him back in rehab before he hurts himself."

In 2011, David talked to Oprah about his drinking and drug use, dating back to his childhood.

On *The Tonight Show*, Rosamund Pike told Jimmy Fallon how she fielded phone interviews the day she got her Best Actress nomination for *Gone Girl*: The mom of two was in bed with her young sons — and her 2-year-old, Solo, was using her body as a “car track” and even tangling one vehicle in her hair. Now, that’s acting!

COUPLES NEWS

As “Prince Farming” **Chris Soules** looks for true love on *The Bachelor*, the lessons of his past heartbreak are never far from his mind. *OK!* has learned the real reason Chris’ former fiancée left him practically at the altar — and why he’s determined not to let history repeat itself.

Chris met his first fiancée, **Sheena Schreck**, 32, while at college; they dated for seven years and got engaged. But it all came crashing down when Sheena suddenly figured out that she wanted to move to Los Angeles — just weeks before the wedding!

“Chris was devastated after Sheena left him to follow her dreams as a big-city girl,” says a source. “But Chris wouldn’t leave his farm, and that’s what ultimately drove a wedge between them. She just couldn’t stand the idea that she was going to live in Iowa for the rest of her life.”

That’s why the 33-year-old farmer was sure to choose a future wife who’s cool with working the soil — and staying put in the heartland. And it looks like he’s found one!

OK! can reveal that Chris has begun remodeling one of his barns — to be used as the venue for a wedding this August!

“Chris has been gushing to his closest friends and family that he has finally found The One,” says the source. “No one has ever seen him happier.”

Chris “didn’t see the writing on the wall” with Sheena, a source says. As soon as she left him, she moved to L.A. and started a paddleboard business.

Suki to Bradley: ENOUGH ABOUT SIENNA!

Bradley Cooper sure is proud of his hit Oscar-nominated film *American Sniper* — and his costar **Sienna Miller**. A source says the actor has been gushing about Sienna so much in interviews that it's making his girlfriend, **Suki Waterhouse**, 23, crazy with jealousy!

"He mentions Sienna in every interview," says a source, who adds that Bradley, 40, has even refused a few reporters who didn't want to include Sienna in their Q&As.

"Brad's told Suki it's just about helping to revive Sienna's career, but it's rubbing her the wrong way," says the source. "Last week, he was going on about Sienna's 'incredible talent,' and Suki lost it. It was a huge fight."

"Suki met her a couple of times on the set of the movie, and Sienna barely said two words to her," claims a source.

JOHNNY TELLS COURTENAY: NO MORE SURGERY!

Courtney Cox, 50, has been suspected of plumping up her famous face before, and fiancé **Johnny McDaid**, 38, wants her to stop. A source says that he has forbidden any procedures before their upcoming nuptials.

JAMES IS HOT FOR SELENA!

She's dating DJ **Zedd**, but that hasn't stopped **James Franco**, 36, from pursuing **Selena Gomez**, 22. A

source says he's been texting her 24/7 with date ideas: go-carting, cupcake baking, karaoke...

TAYLOR AND HOZIER: DATING?

A spy at a post-Grammys party tells OK! **Taylor Swift**, 25, cuddled up to the "Take Me to Church" singer, 24, all night: "They were partying for hours — dancing and sipping vodka in a private room."

BANS GEORGE'S FRIENDS

George Clooney's idea of a romantic birthday celebration for his new bride: wine, candlelight, soft music — and **Cindy Crawford** and **Rande Gerber**! After George, 53, invited his longtime besties to dinner to celebrate his wife **Amal's** 37th on Feb. 8, she

put the kibosh on hanging out with them so often.

"George wants them to become a happy foursome, but Amal thinks Rande's a frat boy who encourages George to drink, and she hasn't clicked with Cindy at all," says a source.

Unfortunately for Amal, the couple will be tough to avoid. Rande, 52, and George own adjoining homes in Mexico and run a tequila company together. Sounds like a fiesta!

A source says **Rande is George's "free pass to the liquor cabinet"** — to Amal's dismay.

AFTER THE VOICE

KATY & JOHN

Wedding A Baby!

After a series of stops and starts, **Katy Perry** and **John Mayer** are back together — with a baby on the way!

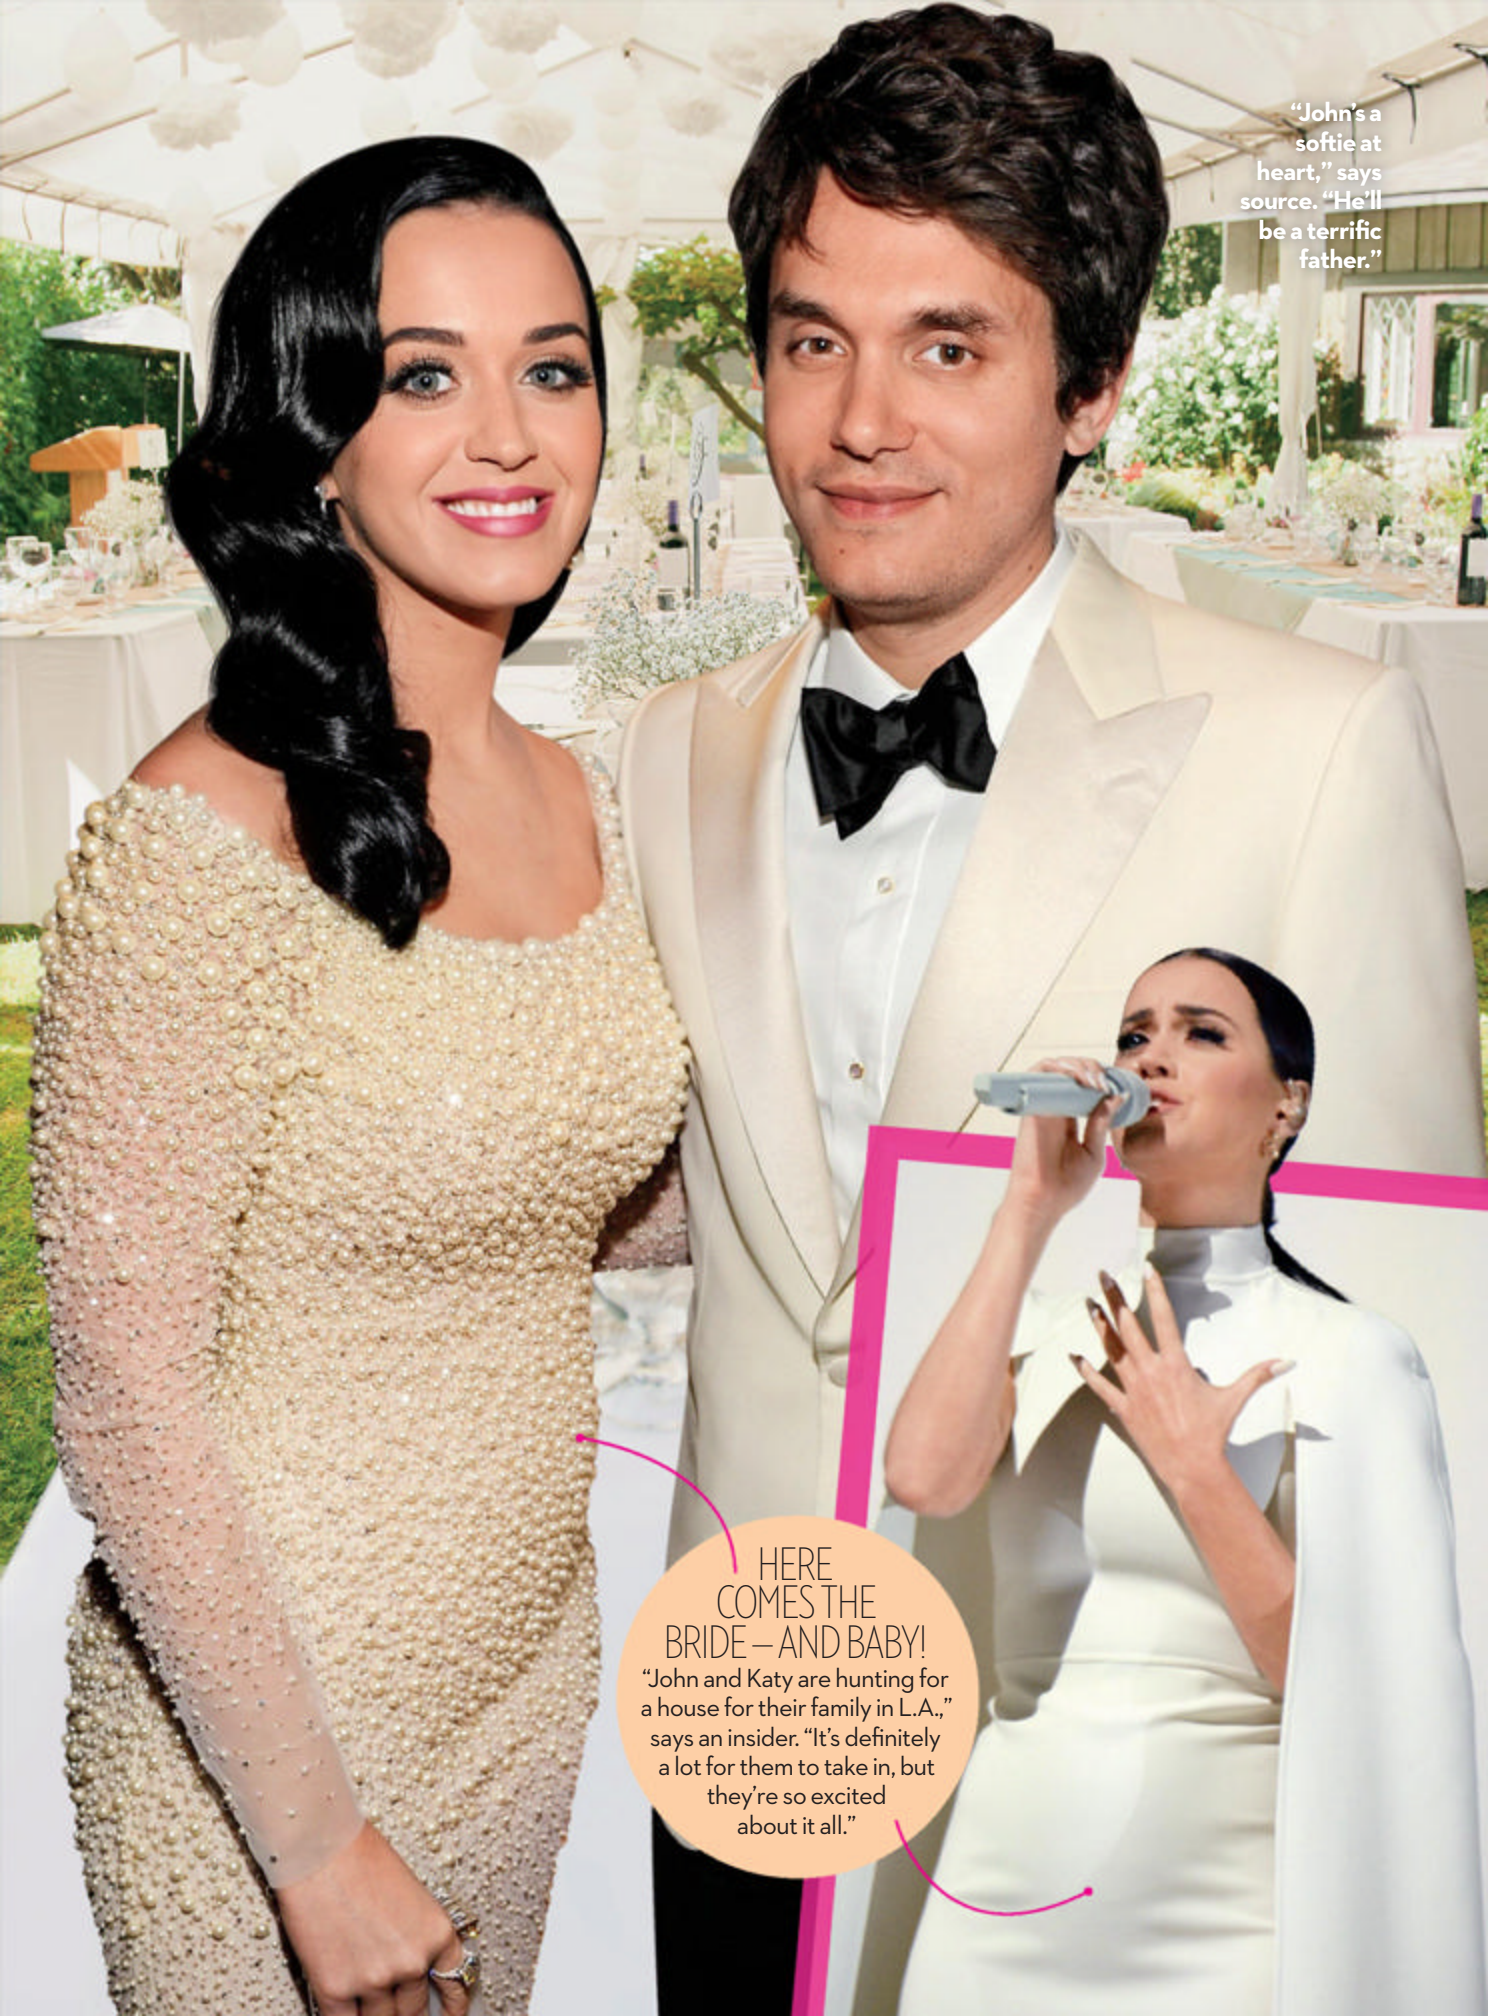

Their relationship may have been a dark horse, but **Katy Perry** and **John Mayer** have officially gotten their act together. Sources tell *OK!* the on-again pop star couple are planning a wedding — and expecting their first baby!

BACK ON TRACK

At a Feb. 7 party held at Katy's L.A. house, less than a week after her well-received Super Bowl halftime performance, friends were already buzzing about the "Roar" singer's big news: Her newly revived relationship with John, as well as her burgeoning baby bump. "The buzz in her close group of friends

is that she's two months pregnant and that they're getting married in April!" says an insider. "The baby news was a shock to everyone, but Katy and John are absolutely ecstatic."

Since first getting together in 2012, Katy, 30, and John, 37, have been utterly unable to quit each other. Though Katy was a bit love-weary after her 14-month marriage to **Russell Brand** ended, John the sensitive musician seemed to swoop in and reignite her inner romantic. They brought out the PDA-happy kids in each other, between making out at concerts, spending Christmas together (with John dressed as Santa) and stealing away for beach getaways. For John, who'd dated a string of famous women, including **Taylor Swift**, **Jennifer Aniston**

"John's a softie at heart," says source. "He'll be a terrific father."

HERE
COMES THE
BRIDE—AND BABY!

"John and Katy are hunting for a house for their family in L.A.," says an insider. "It's definitely a lot for them to take in, but they're so excited about it all."

OK! COVER STORY

and **Jessica Simpson**, there was clearly something different about Katy. “For the first time in my life, I don’t feel like I’m in a celebrity relationship,” he said. “I know it’s high-profile. It doesn’t feel that way to me. For me, it feels like something that’s very human.” Their intense romance ended in March 2013, but the feelings definitely lingered; that July, John dedicated a song at his concert to her, telling the crowd that Katy was “more incredible than I ever thought,” and explaining that she’d nursed him to health after vocal cord surgery. “To Katy,” he said, “who is my face to call home.”

By August, the couple had released a duet, “Who You Love,” and were inseparable for months, with Katy gushing that she’d been a fan of John’s “for years before I actually got to kiss him.” Finally, in late February of last year, they broke up yet again — Katy tried to move forward, jumping into flings with DJ **Diplo** and musician **Rob Ackroyd** — but just as with their first breakup, Katy and John’s intense attraction endured, and a few months ago they found their way back to each other. “It’s different this time around,” says an insider. “Both of them have changed, and after nearly a year apart they’ve realized what they want.”

Indeed, the singers seem overjoyed

to finally be back on the same page. They started somewhat secretly rekindling their romance: meeting up for covert dinner dates at friends’ houses and West Hollywood hotel restaurants, and avoiding making any sort of official announcement.

But over the last few months, they’ve appeared so comfortable being back together, they can’t be bothered to hide it. They’ve even double-dated, recently meeting up with **Allison Williams** and her fiancé, **Ricky Van Veen**, for dinner at the Chateau Marmont. During a recent stint as guest host of *The Late Late Show*, John welcomed the dancing sharks from Katy’s halftime show as guests; admitted that he’d cheered on Katy’s performance from the “family box”

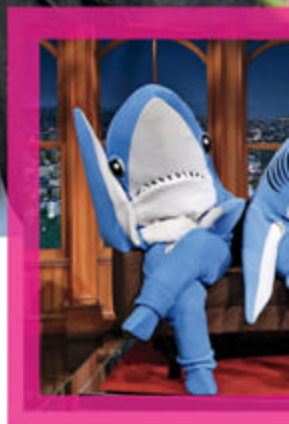

at the University of Phoenix Stadium; and went

on to gush that “Katy Perry was amazing.” The lovebirds are back!

FAMILY MATTERS

While Katy has always said she wants to be a mom, she admitted last year that motherhood was more likely to be part of her “five-year plan” than to happen right away. But a friend says that if Katy is pregnant, she’d immediately go into mommy mode — though she isn’t sure how John, with whom she’d had so many stops and starts, would react. “She’d be nervous about telling him, because he hasn’t been the most reliable guy in the past,” says the friend. “But

ON THE REBOUND

In the months after her first breakup with John, Katy sought solace in the arms of **Robert Pattinson**, with whom she was seen spending several cozy nights, including one when they crashed a stranger’s wedding rehearsal dinner; Florence + the Machine guitarist **Rob Ackroyd**, who she’d also snuggled up to following her split from Russell Brand; and DJ **Diplo** — an old friend with whom she spent a very affectionate Coachella, followed by a real romance. She even went on a pseudo-date to the MTV VMAs with rapper **Riff Raff**. Hey, the boy can dream!

he's sworn to her that he's a changed man — and when he told her about his hopes for having a baby together, Katy fell in love with him all over again.”

The friend adds that John would want to get married before the baby comes. “He adores Katy and has been a mess since their last breakup,” says the source. “He wants to start a family.” The source says that John and Katy are planning for an April wedding — so soon! — in Santa Barbara, where Katy grew up. “They know there will be people who are skeptical about it all, but they truly feel it's meant to be. They want to spend their lives together, and it looks like that's exactly what's going to happen.”

Carrie Underwood

The country singer is about to pop, and sources say that as she awaits the birth of her son — her first baby with husband **Mike Fisher** — she's going totally stir-crazy. “Carrie's basically locked herself inside their Nashville home and hardly leaves,” says an insider. “She thinks she's humongous and doesn't want anyone to see her looking this large!” She even skipped the Grammys on Feb. 8, and told Twitter followers she'd be watching “from the comfort of my couch.” Cozy!

Jessica Biel

Famously in-shape Jessica Biel may be heavily pregnant with her first baby, but “she's not letting anything stop her when it comes to keeping fit,” says a source. On Jan. 24, Jessica and hubby **Justin Timberlake** took a ski trip to Montana, and she hit the slopes with everyone else. “It's not just important for her and her baby to be healthy; she also wants to bounce back to her prepregnancy figure after giving birth.”

“This year, I'm getting the **GREATEST GIFT EVER,**” Justin wrote on Instagram.

BOBBI KRISTINA'S TROUBLED WITH NICK

As police investigate the tragic circumstances surrounding the discovery of **Bobbi Kristina Brown's** unresponsive body in her bathtub, new details — often perplexing and always disturbing — have emerged about her life with **Nick Gordon**.

BROTHER OR HUSBAND?

The product of a tumultuous childhood (“an extremely unhealthy upbringing in a broken home,” according to a source), Nick was taken in by Bobbi Kristina’s mother, **Whitney Houston**, when he was 12. Though he was never formally adopted, Bobbi Kristina grew up alongside him. So it was a shock to many when, after Whitney’s death in 2012, Bobbi Kristina, 21, and Nick, 25, emerged as a couple; in January 2014, she tweeted a photo of their ringed hands and wrote, “#Happily Married SO #Inlove.”

Yet a lawyer representing Bobbi Kristina’s father, **Bobby Brown**, 46, stated that “Bobbi Kristina... has never been married to Nick Gordon.” The family

They were the picture of togetherness in public, but “Krissey often complained about Nick’s emotional abuse,” a source says.

LIFE

reportedly barred Nick from Bobbi Kristina's Atlanta hospital room, and the girl's aunt Leolah Brown has said, "I believe Nick Gordon will be charged" when the criminal investigation ends.

A HISTORY OF VIOLENCE

Among the things police are looking into are injuries to Bobbi Kristina's face and mouth. Maxwell Lomas, 24, a friend and ex of Bobbi Kristina's who found her in the tub (and is facing unrelated charges of drug and firearm possession), now alleges that Nick cleaned up blood stains around the house that morning. "If Nick brought harm to Krissy," says a source, "it would compound the family's suffering exponentially."

In truth, those close to Bobbi Kristina had been worried about her safety for some time. "Nick hated that Krissy was more famous than him," says a source. "He's been like a powder keg lately, and their fighting

A SAD LEGACY

Like her daughter, Whitney had a sometimes violent bond with a man her family disliked and who struggled with living in her shadow. In 2003, Bobby was charged with battery after allegedly striking her in a fight. "Something happens to a man when a woman has that much fame," she told Oprah six years later.

had escalated. It was like Whitney and Bobby on steroids."

On Jan. 23, just a week before Bobbi

Kristina was found unconscious, a 911 call described an altercation outside the couple's townhouse in Roswell, Ga. Police found no one at home when they responded to the call, and a report was never filed. Still, Bobbi Kristina's aunt **Marion "Pat" Houston**, who is executor of the trust fund Whitney set up for her daughter, considered Nick dangerous enough to secure a protective order against him last year; court documents said he "made threatening comments and posted photos of guns." (A 2011 police report also cites Nick brandishing a pistol during a fight over Krissy at a gas station.)

"Nick always wanted to get his paws on Whitney's money," a source says. "Pat didn't want to give Nick or Krissy any more than she was legally bound to, and she said Nick started a hate campaign against her."

NO EASY ANSWERS

As the third anniversary of her mother's death loomed, insiders say Bobbi Kristina was battling depression. After losing Whitney, she reportedly threatened suicide, but Leolah Brown brushed off any idea that she'd considered that recently: "Krissy would never do anything to herself," she said. "Krissy loved life too much!"

OK!

TOO LITTLE, TOO LATE

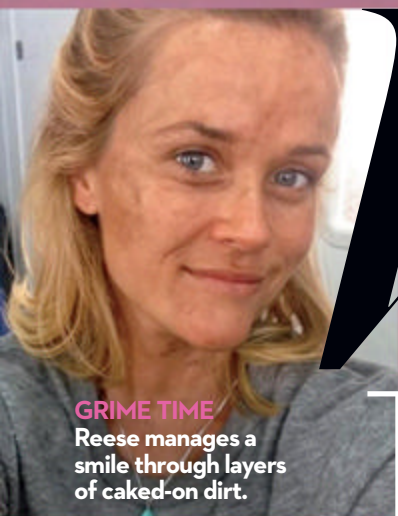

Two media moguls who reached out to Bobbi Kristina after her mother's death are among those grieving the tragic turn her life has taken. **Oprah Winfrey**, who did the first interview with Bobbi Kristina after Whitney's passing, "tried to blanket Krissy in love and support," says an insider, "but that must not have been enough."

And **Tyler Perry**, who reportedly flew Bobby Brown to Atlanta on his private jet and has visited the hospital, gave Bobbi Kristina a role on his series *For Better or Worse*. "That kid has such a future," he said in 2012.

REESE'S

How Oscar-winning makeup artist **Robin Mathews** gave **Reese Witherspoon** a gritty look

GRIME TIME
Reese manages a smile through layers of caked-on dirt.

WILD TRANSFORMATION

In *Wild*, **Reese Witherspoon** plays a woman so wracked with emotional turmoil, she sets out after her divorce for a revitalizing thousand-mile hike along the Pacific Coast Trail. Considering Reese's natural girl-next-door gorgeousness,

making her look believably winded and battered by the elements was "quite the lengthy process," according to the film's Oscar-winning makeup artist, **Robin Mathews**. Here, Mathews shares more behind-the-scenes secrets.

GOING GRITTY

Ever heard of ointment that makes lips more chapped? Dedicated to perfecting the tiniest detail, Mathews tracked down a rare product, available only in the U.K. — a milk protein that dries out the skin — "to replicate what Reese would look like after walking in the wilderness, under extreme conditions of being sun- and wind-burnt, with no lip balm," she says. Mathews also hand-painted dark circles under Reese's eyes and layers of dirt and acne on her face. She turned Reese's famously shiny locks greasy — "her character wouldn't wash her hair for weeks at a time," Mathews says — and even created "dental plumpers" molded to Reese's teeth, which filled out her cheeks to make her look 15 to 18 years younger, matching her character.

PACK RAT
Mathews gave Reese "hip hickies" — sores from carting her heavy load.

MAKEUP SHAKE-UP

Golden girl Reese is rarely seen looking un-glam — and certainly not onscreen. "Reese is definitely the type who doesn't go to the grocery store without makeup on — I believe she's publicly admitted that," says Mathews. "She didn't think it was necessary for the audience to see her looking bad for a solid two hours!"

But in the end, Reese committed completely; the authenticity of the film, which she also produced, won out. "It paid off for her in the end," says Mathews, referring to Reese's Oscar nomination. Mathews says the actress also agreed to cover the mirrors in her makeup trailer "to make the story more realistic. **Cheryl [Strayed]**, who wrote the memoir on which the film is based, didn't see herself during her journey."

CHANGING TIMES

In the ongoing push for women in Hollywood to be offered more meaty roles, Mathews says vanity has to be sidelined. "There's a new generation of actors who are realizing that stripping down completely naked makes you more vulnerable onscreen," she says. "It's become important for women to feel comfortable accepting roles that are filmed sans makeup, in order to be taken more seriously and respected in the industry." Mathews notes that men, who typically don't rely on the sheen of makeup in real life, have had juicy, authenticity-driven roles at their feet for years — but now the tables are turning. "Twenty years ago, we would never think about having an actress onscreen with no makeup — without even a little bit of something," says Mathews. "But now it's happening all the time. It's the very first question I ask: 'Do you want gritty realism or a Hollywood version of the character's portrayal?'"

Bruce's Escalade (toting a dune buggy) was relatively unharmed.

BRUCE IN CRISIS

DITCHED BY HIS DAUGHTERS!

AS **BRUCE JENNER** DEALS WITH THE EMOTIONAL AFTERMATH OF A CAR CRASH THAT PROVED FATAL, HIS TEENAGE DAUGHTERS RESPOND BY PARTYING ALL OVER TOWN

Just hours after **Bruce Jenner** was involved in a multicar crash that left one woman dead and several people injured, his teen daughters, **Kendall** and **Kylie**, expressed support and solidarity with dear old Dad by... partying with **Chris Brown**. Oof!

Sources are reporting that Bruce is experiencing a profound sense of grief following the accident — and it's only been compounded by his daughters' blatant lack of concern. "It's not that Bruce needed everyone to come console him right then and there," says an insider about the Feb. 7 accident, in which Bruce's SUV rear-ended a car, pushing it into oncoming traffic, where it was then hit by a Hummer. "He just wanted to be around those closest to him at home."

But instead of rushing to be at his side, Kendall, 19, and Kylie, 17, spent the hours following the crash raging at Hollywood clubs and Grammys parties with their usual posse, including **Tyga**, **Justin Bieber** and **Big Sean**.

LAST RESPONDERS

Bruce, 65, has been shaken to his core by the accident. For which he could face manslaughter charges. He's since released a statement about the "devastating tragedy" and his sense of sadness for the family of Kim Howe, 69, who died in the crash. But he's also been hit with overwhelming feelings of anger and hurt regarding his daughters' lack of empathy — which has, incidentally, surprised no one as much as him.

"Bruce has always stood up for his girls, but this time he's seen them in the same light that others have," says an insider. "They couldn't even put their cell phones down or give up one evening to make sure he was okay."

Several weeks ago, amid rampant reports that Bruce has been undergoing hormone treatments for an eventual sex change, Kylie posted an Instagram photo of him with all his daughters — including the stepdaughters he raised as his own, **Kourtney**, **Kim** and **Khloé**

Brody and his girlfriend, Kaitlynn Carter, at the crash site.

Bruce with sons Brody and Brandon.

THE RISING SON

Though Bruce has long had a fraught relationship with his youngest son, **Brody** — who once admitted that Bruce "just wasn't a great father to me" — a source says Brody "dropped everything to get to the scene of the crash. It's always been hard for Brody to see how close Bruce is with Kendall and Kylie — but he would never let those feelings keep him from standing by his dad."

Kardashian — with the caption "daddy's girls." Many took the gesture as a sign of solidarity with Bruce among the women in the family. Yet the day after Bruce's terrifying accident, Kendall, Kylie, Kim and Khloé seemed to show support for no one but each other, mugging for pic after pic at the Giorgio Armani Grammys afterparty, all decked out in designer gowns.

"It was as if they were oblivious to the events of the weekend," says a source. "To them, making public appearances was way more important than supporting their dad." The source continues, "It was a huge eye-opener for Bruce. He feels like they simply don't care about him or his feelings."

Although Kendall and Kylie have no problem showing their love through their favorite

medium, social media — whether it's Kylie's sweet Instagram pic of her and Kendall as toddlers, with Bruce sleeping between them; or Kendall's tweet about having the "best daddy in the worldddd" — they've failed to show up for their dad IRL.

"The girls think that since Bruce walked away from the crash, there's nothing to worry about," says a source. "But there have been real emotional repercussions. Bruce knows Kendall and Kylie are only teenagers, but he didn't bring them up to be callous. He really feels let down."

RETURN OF THE DUTCHES

FERGIE IS BACK, WITH A NEW SOLO ALBUM — AND SHE'S LOOKING BETTER THAN EVER!

It's been eight long years since **Fergie** released her smash hit solo debut, *The Dutchess* — but that doesn't mean she hasn't been busy. Over that time, she's recorded two albums and toured the world as part of the Black Eyed Peas; released four fragrances; married **Josh Duhamel**; and had a son, **Axl**, 2. All along, she says, she brainstormed for her next solo project. "Between workout time, husband time and mommy time, there's been a lot going on," she says. "But every time I get an idea, I write it down or record it, so I finally got to finish all those ideas."

Why so long between solo albums?

After *The Dutchess* and two Black Eyed Peas albums, I said, "Guys, we've got to take a break."

I got pregnant, started renovating our house — genius, I had to move into a rental property while pregnant — moved back into the house, which still isn't done, by the way, and then

started figuring out how to be a mom.

In the video for your first single, L.A. Love, you're riding a bus. Do you really take public transportation?

No, but I'm a big Uber lover. Sometimes the drivers are surprised when I get in the car. I have a different name on the account, obviously.

You recently said your husband walked in on you during a bikini wax and was curious. What did he want to know?
I don't know, you'll have to ask him! He didn't leave, he sort of lingered.

You clearly take good care of yourself. Is it true you're into hypnotherapy?

Yep. It works! My girl is a trained therapist, not just some flighty person who hypnotizes people. I get into a very relaxed state, where she can speak to my subconscious. It's almost a dream state, so you're highly

suggestible. I've done hypnosis for eating, and later I'll go to the refrigerator and hear her voice telling me to be sensible.

It doesn't hurt that you're superathletic too.

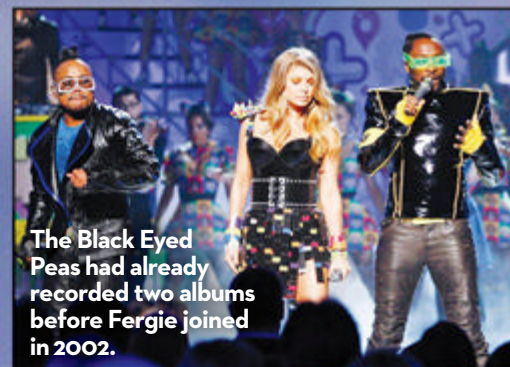

There's video online of you doing four one-handed flips onstage!
On the Black Eyed Peas tour, **will [i.am]** and I would have these battles. I hit a high note, so he did a breakdancing move, so I pulled that out of my gymnastics training. Once I did it, the audience wanted to see it every night, so I just kept on doing it.

Are you often asked about the time you wet yourself onstage?
Oh gosh, not again! Boring!

OK!

Fergie met Josh when the Peas appeared on his show *Las Vegas* in 2004. They wed five years later.

The Black Eyed Peas had already recorded two albums before Fergie joined in 2002.

A large, vibrant photograph of Fergie performing on stage. She is wearing a black and white patterned top with 'FENTY' and 'FIERCE' printed on it, and a black skirt with a white star. She is holding a gold microphone and has a joyful expression. The background is a bright, colorful stage with a rainbow light effect. A large, stylized 'S' is visible on the left side of the image.

ON THE RECORD

Fergie, who struggled with drugs in the past, says singing is an outlet for her addictive side.

MARCHESE'S

HEALTHY WINTER CHILI

When it's loaded with fatty meats, cheese and sour cream, a bowl of chili can be a calorie bomb. But *The Real Housewives of New Jersey* star **Amber Marchese**, who has a master's degree in exercise

physiology and health science, knows how to make a healthy version that still satisfies. "This is my clean-eating chili," says Amber, a partner at New Jersey nutrition consultancy RevolutioniZe. "It's also kid-approved, and I have picky eaters!"

Ingredients

- 2 medium red onions, chopped
- 1 tbsp. cranberry juice
- ¼ tsp. sea salt
- 4 cloves garlic, finely chopped
- 2 lbs. 95 percent lean ground beef
- 6 sweet multicolored peppers, chopped (about 2 cups)
- 1 (16 oz.) can cannellini beans, drained and rinsed
- 1 large (29 oz.) can tomato puree
- 1 (14 oz.) can stewed tomatoes, chopped
- 2 tbsp. tomato paste
- ½ cup brown sugar, or to taste
- 2 cups pitted dried plums or prunes, finely diced
- 1 tsp. oregano
- 2 tbsp. chili powder
- 1 tsp. paprika
- 1 tsp. black pepper
- 1 tsp. red pepper flakes
- ½ tsp. cumin
- ½ tsp. garlic salt
- Greek yogurt or goat cheese to garnish

Directions

1. Sweat onions in large pot over low heat; add cranberry juice and sea salt. Cover and let cook 5 minutes, mixing occasionally. Add garlic; cover and cook 5 minutes more.
2. Bring mixture to medium heat; add ground beef and brown, stirring occasionally.
3. Drain, then return cooked beef, onion and garlic to pot; add remaining ingredients, except yogurt, and cover.
4. Bring to boil for 3 minutes. Stir mixture well, then reduce to simmer; cover and let cook 2 hours, stirring every 20 minutes to blend flavors and keep bottom from burning.
5. Serve in individual bowls, topped with dollop of Greek yogurt — in place of sour cream — or crumbled goat cheese. Enjoy!

CHARLIXCX'S HIGH NOTE

LOVE OR HATE HER PERSONAL STYLE (SEE: THE SHIMMERY TUX SHE WORE TO THE GRAMMYS), THE "BOOM CLAP" SINGER'S GOT US ALL TALKING

For more stunning photos of the singer, visit galoremag.com

For her cover shoot in the February issue of *Galore*, **Charli XCX** strikes strong and sultry poses, showing off the bold persona that's won the 22-year-old Brit legions of fans Stateside (in addition to her pipes, of course). She chatted with the fashion site about the importance of staying true to yourself.

What initiated your interest in music?

I think it was when I saw the

video for "...Baby One More Time," and I freaked out. I was like, "Ahhhh, **Britney's** so cool!" But I really started making music when I was 14... I wanted to make French electro and totally failed, but I started figuring out my own sound instead.

Who do you look up to?

I'm not really sure. When I was younger, it was **Shampoo** and the **Spice Girls** and stuff. Now I don't really have a role model. I

find it's better to just walk your own path.

Define your sense of style.

It's definitely '90s inspired. Sexy and cute and bubblegum but evil at the same time.

What perfume do you wear?

I have a lot of **Justin Bieber** perfume, which my fans always give me. My friend also bought me a perfume box set of Disney Princess

scents, so sometimes I smell like Snow White, sometimes Cinderella, sometimes Ariel. But my favorite right now is Toy by Moschino.

Did you know that "Boom Clap" would catapult your career?

I never know about things like that. I just know the songs I think sound cool.

What's next for you?

New videos, new tours, world domination.

HOW TO GET THE DARING LOOK

From what we saw on music's biggest night, cutouts are hotter than ever! While the trend requires flashing a little (or a lot) of skin, you don't have to be a rock star to pull it off. Opt for clothing or accessories that expose the body parts you are willing to bare — keeping in mind that small openings in unexpected places go a long way. Ditch flashy add-ons and let the flirty windows be the focal point of your look.

CIARA'S SLICKED-BACK STRANDS

At Balmain, designer **Olivier Rousteing**'s futuristic fashions were paired with statement hair — dramatically combed back and left wet. "It's not damp, it's soaking," hairstylist **Sam McKnight** said of the style he created, meant to convey a "**Helmut Newton** toughness." **Ciara**

adapted the trend but kept it soft and, most important, dry. To get the right hold with dry hair, the key is in applying a shine-enhancing gel to roots only and using a round brush to blow-dry from the hairline back, flipping your head upside down occasionally for added volume.

ZENDAYA'S DEEP-BERRY LIPS

The Dolce & Gabbana Spring 2015 show also employed makeup mastermind Pat McGrath, who was influenced by the clothing collection's Spanish bullfighting-inspired color palette. Think: Deep reds and velvety blacks. She combined the two on lips for a deep-berry stain. **Zendaya** chose a similar color for the Grammys but opted for a glossy finish, which made the look much less intense.

NICKI'S EXTREME WINGED LINER

Makeup artist **Pat McGrath** sent models like **Karlie Kloss** down the Versace Spring 2015 runway with a fierce cat eye, extending the line up and out past the ends of brows and smoking it out for added drama. **Nicki Minaj** went for the long wing but kept the rest of the look simple. To copy it, use a liquid liner to keep the wing thin and precise — and stop just short of hitting brows. Leave the bottom lash line bare and opt for neutral shadow colors.

TRACY SPIRIDAKOS

STAR OF BATES MOTEL

OK! Q&A

There's a new guest checking into Bates Motel: *Revolution* star **Tracy Spiridakos**. Read on as she talks about joining the cast for season 3.

Can you tell us anything about your character?

I can't really tell you anything, except that I play a woman called Annika, who needs a room — and Norma and Norman are very skeptical of her.

How is it working with Vera Farmiga and Freddy Highmore, who play Norma and Norman?

So much fun. I've been a fan of Vera for such a long time, so this was an incredible experience. Freddy is also really talented, and we have some really fun scenes together.

Is their chemistry as intense on set as it comes off onscreen?

Yeah, the dynamic they have with each other is just naturally there. It's so cool to get to watch them play against each other.

Have you had any nightmare hotel experiences in real life?

I do a lot of road trips, so I'm always staying in random hotels, but thankfully nothing bad has ever happened. If I drive past the outside and think, "Oh God, that looks terrifying," I just keep going. That's my screening process!

What's next for you?

I'm going to start filming *Byrd and the Bees* in Scotland with **Jonathan Rhys-Meyers**. The movie is actually a romantic comedy, so definitely a little switch in direction from *Bates Motel*.

Don't miss the season 3 premiere of *Bates Motel*, Mon., March 9 at 9 PM ET on A&E.
